## Numismatic Doubts

Do you have any numismatic doubts? Well, if you've been buying your coins from Steve Ivy Rare Coin Co., you should have no doubts. We've outlined four numismatic doubts that coin buyers may experience, and have shown how we have been working to eliminate these doubts when buying from us. The new ad campaign recently broke in mid-January in *Coin World*. Please watch future issues of *Coin World* to see how we've worked on solving some of the problems of mail order coin buying.

The originator of the guaranteed grading system

*Ron Howard—  
A welcome addition as Manager  
of the Rare Coin Department.*

Dear Customer & Friend:

It is a great pleasure for me to greet, for the first time, the many customers and friends of Steve Ivy Rare Coin Co.

Behind me are five years as a professional numismatist and chief buyer for one of the nation's larger mail order rare coin firms; before that, many more years as a collector. I now eagerly look forward to my association with Steve Ivy Rare Coin Co., and offer my experience and knowledge to serve our customers.

I chose Steve Ivy Rare Coin Co. because I considered it, from the inside looking out, the most dynamic and the most highly consumer-oriented firm in numismatics. Steve's creation of guaranteed grading, the fast service provided by his competent staff, the introduction of color photography to rare coin catalogs and his constant policy of placing his customer satisfaction before all other goals are just a few of the reasons I joined his team.

I hope you will consider these reasons as you examine this catalog, and order with confidence from the best rare coin company going! This catalog includes purchases from two major collections, each of which contained material withheld from the numismatic marketplace for decades. The market looks extremely strong at this time, and we expect a record response. Please order early, and don't hesitate to call to reserve items of particular interest to you.

I look forward to serving you as a part of Steve Ivy Rare Coin Co.

Sincerely,

*Ron M. Howard*

## Gem Original Red Draped Bust Half Cent.

1806 Gem Red Unc (65) This coin has 80% of its original mint red and is very rare as such. Many of the early Coppers have been cleaned and recolored to give them the appearance of original mint red coins. This has acted to depress the value of the genuine item. We feel that, at today's level, these coins represent excellent value. (see color photo) . . . . .	1,075.00

## The Famous 1827 Quarter Dollar.

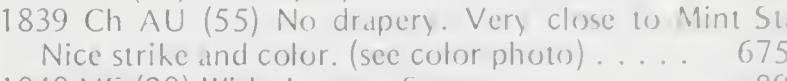

1827 Ch Proof (60+) Restrike. The 1827 Quarter is the contemporary of the other famous restrike issues, including the 1804 Dollar, struck during the late 1850's and early 1860's, under the auspices of several mint employees. The 1827 Restrike Quarter in silver is not a pattern issue and a limited number were coined solely to satisfy collector demand for the date (as the 1827 Original, curl base 2, had already been recognized as a rarity). The following excerpt from a letter dated January 22, 1859 from James Ross Snowden, Director of the Mint, to Secretary of the Treasury, Howell Cobb, sheds a bit of light on the subject:

Sir,  
 We are daily pressed upon, by collectors of coins from all parts of the country either by letter or in person, for specimens of pattern pieces of coins, and rare types. A few of these have been in every case issued—some of them got into the hands of dealers and are sold at excessive prices. I propose, with your approbation, to check this traffic, and at the same time gratify a taste which has lately increased in this country, and seems to be increasing every day, namely by striking some of each kind and affixing a price to them, so that the profits may enure to the benefit of the Mint Cabinet of Coins and Ores which is the property of the United States; an exact amount of which will be kept and rendered to the Department.

The presently offered specimen of the 1827 Restrike Quarter was probably an early impression from the dies, as it is struck from very lightly rusted dies and has exceptionally brilliant surfaces. Its pedigree can be traced to the R. L. Miles Collection, and it is one of only nine known specimens. The issue is of virtually the same rarity as the 1827 Original Quarter, a specimen of which is on the market at a price approaching six figures. To own a coin of this magnitude, a truly romantic issue, would represent a gratifying experience for the connoisseur of American numismatic rarities. .19,500.00

### Gem Proof Bust Half Dollar.

1830 Gem Proof (65) As with the 1835 Dime in this price list, there is absolutely no doubt about this coin being a Proof. This coin has complete mirror surfaces and needle-sharp detail. There are some lines in the fields but they are probably a result of the polishing of the dies. Often times prooflike examples are offered as Proofs at bargain prices which has acted to hold the price down on the real thing. As a Proof, this is probably an R-7 item and is extremely rare as such. (see color photo). . . . . 5,250.00

### Beautiful 1839-O Half Dollar.

1839-O Gem BU (65+) Splendidly toned, with light green and yellow hues about the periphery mellowing to rose shades in the center of the coin, with shimmering luster emanating throughout. The piece possesses impeccable surfaces and is well struck, with all stars save the first exhibiting complete centers. We have seen more Gems of the more heralded 1836 Reeded Edge Half than of this date. The fact is, the survival ratio of Choice 1839-O Halves is hundreds of times lower than that of the 1836 Reeded Edge and, in our judgement, the 1839-O is a superior buy.

This coin is of such precious quality that it could satisfy the most fastidious type collector; it is of such rarity in this condition that probably no amount of money could purchase another. It will be a fortunate new owner who takes advantage of this infrequent combination of quality and rarity which is present in this remarkable coin. (see color photo) . . . . . 7,500.00

## Important 1875 Proof Quarter Eagle.

1875 Ch Proof (60+) This coin is one of the great rarities of United States gold coinage. This date has a total mintage of only 420 pieces (20 Proofs, 400 Business Strikes). It is fully brilliant with only a few very trivial hairlines. Probably no more than five pieces of the Proof coinage can claim to be equal to this specimen. In our opinion, this is one of the most underrated gold coins in terms of price. As an example, an 1875 \$5 in Proof condition just brought \$91,000 in the Garrett Sale. Previous to that, an Extremely Fine coin brought \$60,000. The \$2-1/2 and the \$5 have exactly the same Proof mintage (20). The Business Strike issues are 200 vs. 400, of which probably less than 5% are known. We feel this is an excellent opportunity for the astute buyer . . . . .	24,000.00

1911-D Gem BU (65+) Superb! Every date of the Indian Quarter Eagle Series is readily available in Gem BU except the 1911-D. This coin is more lustrous than any other coin of this date that we have seen. A small lint mark on the obverse keeps this coin out of the M.S. 70 grade. (see color photo) . . . . .	2,400.00

1834 Gem BU (65) Plain four. This coin was Lot No. 1045 of the Bowers & Ruddy Austin Sale in 1974, where it brought \$27,000. ## Historical 1861-S Paquet Reverse Double Eagle.

1861-S Paquet EF/AU (45+) The reverse designed by Anthony Paquet. These new reverse dies, featuring tall, narrow letters, were sent to the branch mints which struck the denomination. A trial striking at Philadelphia of two examples on January 5, 1861, showed the new die to be unsuitable for regular issue coinage. James Pollack, Director of the Mint, sent messages to New Orleans and San Francisco suspending further use of the die. The message arrived at New Orleans but failed to reach San Francisco, due to rather primitive travel conditions and lack of a telegraph. In the interim, 19,250 were struck at San Francisco using the Paquet reverse. When word reached the mint, most of these were melted and recoined using a leftover regular reverse die. A few reached circulation. An immensely desirable and historical issue and one of the finer examples to appear for public sale . . . . . 7,500.00

## "THE HONG KONG CONNECTION"

A surprising number of United States coins resides in the exotic port of Hong Kong. Present day collector activity is brisk there, with considerable interest in U. S. coins. These U. S. coins were transplanted to Hong Kong due to American seamen sailing to Asian shores during the last century. As these seamen departed, they left behind some "foreign" coins from America. Coins of the U. S. are therefore frequently encountered. When we sent our buyer to Hong Kong, he discovered that, to his delight, coin bargains are also frequently encountered! You can share in those bargains by ordering from the following list of coins, each of which was purchased in Hong Kong.

*It is interesting to note that nearly all of the coins of this group were minted in San Francisco, the most common port of origin of vessels bound to Hong Kong from America.*
